Description

The modular plexo recessing frame in anthracite color is designed to cover electrical mechanisms and allow customization of the installation design. It belongs to the collection of plates and frames that facilitates an aesthetic and functional integration in the environment where it is installed.

Technical characteristics

- Material: Thermoplastic plastics
- Colour: Anthracite (similar to RAL 7016)
- Area: Mate, no treatment
- Halogen-free
- Ground-level installation
- Mounting position: Horizontal and vertical
- Dimensions: 85 mm wide, 85 mm high and 43,5 mm deep
- Thread fixing
- 1 module for recessed mounting

This frame offers a practical solution to hide electrical mechanisms while maintaining a uniform appearance. Its modular design and matt finish contribute to a discreet integration into the wall. The thread fastening ensures a safe and stable installation.
