Description

Adjustable 12-inch (300 mm) wrench designed to provide a safe and comfortable grip during work. It incorporates a quick adjustment system that facilitates the handling of nuts and screws of different sizes, optimizing efficiency in assembly and maintenance tasks.

Technical characteristics

- Length: 300 mm (12 inches)
- Maximum opening: 41 mm
- Quick adjustment system (quick adjustment)
- Ergonomic bimaterial handle with non-slip soft grip finish
- Millimeter scale engraved on the head
- Hooking on the handle to hang

The combination of the large opening mouth and the high-security handle provides precise control and reduces fatigue in prolonged use. The engraved scale allows fine adjustments without the need for additional tools, improving the accuracy of each operation.
