Description

Set of 17 combined keys designed to offer a complete range of measurements, from 6 to 24 mm. This set includes OGV profiles and is presented in a high density bicolor foam module, designed to facilitate organization and storage in professional work environments.

Technical characteristics

- Type: Combined wrenches
- Content: 17 pieces
- Action: 6 to 24 mm
- Profile: Combined with OGV profile
- Presentation: High resistance bicolor foam tray
- Compatibility: Modular storage system and workshop carts Facom
- Module dimensions: 418 x 188 x 55 mm

The presentation in high density foam allows the immediate identification of missing parts and protects the instruments against shocks. Its modular design is integrated directly into standard storage systems, optimizing workshop space and improving operational efficiency during maintenance tasks.
