Description

Singleman horizontal for sink with handle, Medical model. Designed for surface installation, it offers precise flow and temperature control using a single lever. Its compact structure facilitates integration into professional or domestic kitchens, ensuring durability and ease of maintenance in daily use.

Technical characteristics

- Type: Horizontal monomand
- Accessory: Handle
- Model: Medical

The horizontal configuration facilitates the reach and operation from the side of the sink. The inclusion of the handle allows direct flow management. The Medical model responds to a line of design oriented to the efficiency in the daily use of water.
