Description

Three-way sink single-command for ledge installation, designed for independent supply of networked and filtered water. It incorporates the GE COLD-START system, which guarantees always opening in cold water to optimize energy consumption and avoid unnecessary start-up of boilers or thermos.

Technical characteristics

- Body made of brass according to UNE-EN 1982 standard.
- Zamak handles and chrome finish according to EN 248.
- Silent ceramic cartridge of Ø40 mm with directed output.
- Ceramic mount G1/2" and aerator of 2 antical outputs.
- Working pressure between 0.5 and 10 bar, with recommended range from 1 to 3 bar.
- Maximum permissible temperature of 85°C, with recommendation for use up to 65°C.
- Includes connection pins for easy installation.

The bifunctionality of the pipe allows two water sources to be managed in the same application. The design prioritizes water and energy efficiency by controlling the initial temperature.

Specifications

Colour	Cromado
Diameter	40 mm
EAN	8428381253464

Manufacturer	Genebre
Material	Latón
Measures	Ø40 mm
Weight (kg)	1 kg
Thread	1/2"
