Description

Floating valve model 3886 without buoy, equipped with 1/2" gas thread Designed to automatically regulate the level of filling or emptying in fluid tanks, ensuring precise flow control through its internal flotation mechanism.

Technical characteristics

- Model: 3886
- Settings: No buoy
- Connection: Gas Thread
- Size: 1/2"

This device facilitates fluid flow management in storage systems. By not including the buoy, the user must select the appropriate floating element according to the specifications of its installation. The 1/2" gas thread connection is a common standard in industrial and domestic pipes.

Specifications

EAN	8428381258605
Manufacturer	Genebre
Thread	1/2"
