

Product sheet

**87 degree elbow polypropylene
diameter 50 mm**

Brand: Italsan

Reference: ITAL VS0504035

87 degree elbow made of recycled polypropylene with a nominal diameter of 50 mm. Designed for low- and high-temperature waste water disposal systems, as well as for ventilation and rainwater evacuation.

[View product online](#)**Description**

This 87-degree elbow, made of recycled polypropylene, is designed to connect 50 mm diameter drain tubes. It is a key piece within the PP3 Phono system, offering a functional alternative to PVC Series B for water flow management.

Technical characteristics

- Material: Recycled polypropylene
- Diameter: 50 mm
- Turn angle: 87 degrees
- Compatible system: PP3 Phono
- Alternative to PVC Series B

It is suitable for waste water disposal facilities at both low and high temperatures. It also allows the ventilation and evacuation of rainwater, ensuring continuity of flow in different installation scenarios.

Specifications

Diameter	50 mm
Manufacturer	Italsan
Material	Polypropylene
