Description

The 90° NIRON PREMIUM elbow is a plumbing accessory designed to make 90° turns in pipe installations. Made of polypropylene (PPR), this grey component is designed for water distribution systems that require safe and watertight connections using the fusion welding technique.

Technical characteristics

- Nominal diameter: 40 mm.
- Material: Polypropylene (PPR).
- Connection type: Socket for welding.
- Turn angle: 90 degrees.
- Colour: Grey.
- Manufacturer's reference: RA7050.
- Category: Polypropylene accessories and fittings.

This elbow allows to modify the path of the pipe maintaining the integrity of the flow. Its design in PPR facilitates permanent connection with the corresponding tubes, ensuring a robust connection within the plumbing network.

Specifications

Colour	Grey
