Description

The 32x1" diameter M NIRON thread link is an accessory designed for the safe connection of pipes by thermofusion. This component allows to join elements creating a unique body that guarantees the integrity of the installation.

Technical characteristics

- Diameter: 32 mm
- Thread: 1"
- Thread type: Male type A
- Method of binding: Socket type thermofusion welding

The thermofusion bonding ensures a tight and robust connection between the tube and the accessory, eliminating weak points in the structure.

Specifications

Diameter	32 mm
EAN	8017175003462
Manufacturer	Italsan
Thread	1"
