Description

The 40x1" M NIRON thread link is a thermofusion accessory designed to connect pipes safely. Its structure allows bonding by means of socket type thermofusion welding, creating a unique body that ensures the integrity of the connection.

Technical characteristics

- Diameter: 40 mm
- Thread: 1"
- Thread type: Type C hexagonal male
- Method of binding: Socket type thermofusion welding
- Mark: NIRON

The hexagonal thread facilitates assembly and handling during installation. This connection system guarantees the structural safety between the tube and the accessory, avoiding leaks and ensuring the durability of the connection in pipe systems.

Specifications

Diameter	40 mm
EAN	8017175006982
Manufacturer	Italsan
Measures	40x1"

Thread	1"
