Description

The NIRON PREMIUM cuff is a plumbing accessory designed for connection of polypropylene pipes (PPR). This grey component is made specifically for welding systems, ensuring a safe and efficient connection in hydraulic installations. Its socket design allows direct integration with the standard diameter of 32 mm, facilitating assembly in residential or commercial plumbing projects.

Technical characteristics

- Diameter: 32 mm
- Material: Polypropylene (PPR)
- Type of binding: Solder socket
- Colour: Grey
- Mark: NIRON PREMIUM
- Reference: RA7050

This sleeve offers a practical solution for derivation or connection of water lines, taking advantage of the properties of the PPR material to maintain the integrity of the pipe. The welding specification ensures adequate sealing when completing the assembly process.

Specifications

Colour	Grey
--------	------

EAN	8499161434137
Manufacturer	Italsan
Material	Polypropylene
