Description

NIRON RED 110 mm flat joint potabrides, specifically designed for plumbing systems that use polypropylene pipes. This accessory is intended for the secure connection by means of the socket welding method, ensuring the sealing of the joint thanks to the integrated joint.

Technical characteristics

- Diameter: 110 mm
- Mark: NIRON RED
- Type of binding: Solder socket
- Material: Polypropylene
- Includes flat joint

The combination of the polypropylene material and the flat joint allows reliable connections to be made in pipe installations. Its specific design for socket welding ensures a precise adaptation to the specified diameter, facilitating integration into plumbing systems that require this type of accessories.

Specifications

Diameter	110 mm
Manufacturer	Italsan
Material	Polypropylene
