**NIRON RED socket welding tee
63 mm diameter**

Brand: Italsan

Reference: ITAL 03NTRED63

63 mm NIRON RED soldering socket, made of polypropylene for the hermetic bonding of pipes by thermofusion. This accessory guarantees structural integrity in high pressure hydraulic installations, facilitating professional assembly in plumbing systems and distribution of non-aggressive fluids.

[View product online](#)**Description**

NIRON RED 63 mm diameter welding connector, designed for the joining of polypropylene pipes in plumbing facilities. This accessory makes it possible to make watertight and safe connections through the process of welding by fusion, guaranteeing the integrity of the fluid distribution network.

Technical characteristics

- Nominal diameter: 63 mm
- Mark: NIRON RED
- Connection type: Welding (socket)
- Material: Polypropylene
- Category: Accessories and fittings for pipe

Polypropylene manufacture ensures appropriate chemical compatibility for the transport of water and other non-aggressive fluids. The socket design facilitates the insertion of the pipe, optimizing assembly time in new installation works or plumbing system reforms.

Specifications

Diameter	63 mm
EAN	8017175032097
Manufacturer	Italsan

Material	Polypropylene
