Description

Angular sphere valve designed for the individual connection of water meters in polyethylene installations. This component allows the management of flow in rushes, incorporating a sleeve and complying with UNE 19804 regulations for use in meter batteries.

Technical characteristics

- Entry for measure counter 7/8" by female crazy tail.
- Body diameter 15 mm.
- Connection to 25 mm polyethylene tubes.
- Output with integrated anti-return system.
- Internal anti-foul coating to facilitate maneuvering.
- Aluminium handle with epoxy coating.

The integration of the anti-return system and the anti-fouling internal coating optimizes the functionality and durability of the valve during its operation in the water feed.

Specifications

High	15 mm
Width	15 mm
Diameter	25 mm

EAN	8499093948337
Manufacturer	Italsan
Long	15 mm
Measures	15 mm
Depth	15 mm
