Description

Angular ball valve designed for the individual connection of water meters in polyethylene installations. Includes sleeve, 3/4" outlet via female adapter and non-return system to prevent reverse flow.

Technical specifications

- Body diameter: 15 mm
- Installation connection: 25 mm polyethylene pipes
- Outlet: 3/4" (DN13/15) with female quick connector
- Internal anti-scaling coating
- Aluminum handle with epoxy coating
- Certification: UNE 19804 standard

Facilitates operation thanks to its internal coating and offers mechanical resistance via the aluminum handle. Suitable for meter banks, ensures a safe and standardized connection according to current regulations.

Specifications

EAN	8499093875572
Manufacturer	Italsan
Measures	15 mm
Thread	3/4"

Diameter (cm)	1,5 cm
