Description

Rack set counter made of solid brass, designed for the installation of water measuring equipment. It includes a 3/4" nut and a 1/2" reducer cone, allowing secure connection between pipes of different diameters.

Technical characteristics

- Material: Solid brass
- Nut: 3/4"
- Cone: 1/2"
- Function: Diameter adaptation for counters

This component facilitates the adaptation of the dimensions of the ends to ensure correct assembly in hydraulic installations. The nut and cone combination offers a practical solution for connecting measuring devices using standardized threads.

Specifications

EAN	8431977901496
Manufacturer	SOBI
Material	Latón
Thread	3/4"
