DZR Brass Elbow 1" 90° Internal Thread BSPP

Brand: SOBI

Reference: SOBI 067004

DZR brass elbow with cylindrical internal BSPP-G threads according to ISO 228-1. Nominal diameter of 1 inch (DN25) at both ends. Monoblock design with a 90-degree angle and polished surface. Suitable for cold and hot water installations, ensuring tightness and corrosion resistance in plumbing systems.

Description

Female-female brass DZR elbow with a 90-degree angle, designed to connect two pipes via cylindrical internal threads. This monoblock adapter facilitates direction change in fluid installations, offering a secure and leak-proof joint thanks to its robust construction.

Technical Specifications

- Material: Corrosion-resistant brass (DZR).
- Surface treatment: Polished, no additional treatment.
- Nominal internal diameter: 1 inch (25 mm) on both connections.
- Thread type: Cylindrical internal thread BSPP-G (ISO 228-1).
- Turning angle: 90 degrees.
- Model: Monoblock, no diameter reduction.
- Accessories: No safety plug, drain, or air vent.

The DZR quality of the brass helps maintain material integrity against corrosion, while the polished finish provides a smooth and aesthetic surface. Its monoblock design ensures a reliable and durable connection in standard plumbing or industrial applications where an exact ninety-degree turn between two flow lines is required.

Specifications

Colour	Pulido
Diameter	25 mm
EAN	8431977200964
Manufacturer	SOBI
Range	Industrial
Material	Latón
# Elements	1
Thread	1"
