Description

Brass-to-male thread link, designed to connect pipes or components with threads of different diameters. This accessory allows you to adapt a 3/8" connection to another 1/2" one, facilitating the connection in plumbing or pneumatic systems where the size of the thread is required to vary without the need for additional adapters.

Technical characteristics

- Material: Brass
- Connection type: Male-male (M-M)
- Measures: 3/8" x 1/2"
- Finished: Threadless

Brass manufacturing offers good corrosion resistance and durability over time. Its compact design allows easy installation in reduced spaces, ensuring a firm and secure connection between threaded elements.

Specifications

Colour	Latón
EAN	8431977200261
Manufacturer	SOBI
Measures	3/8" x 1/2"
