Description

DZR brass stopper designed for airtight closure of pipe ends or fittings. This accessory allows you to seal hydraulic connections by direct threading, ensuring the watertightness of the system without the need for drains or deairers.

Technical characteristics

- Material: Brass quality DZR, corrosion resistant.
- Inner nominal diameter: 1 inch (25 mm).
- Connection type: BSPP-G cylindrical inner Thread according to ISO 228-1 standard.
- Surface treatment: Polished, without additional coatings.
- Functionality: Covered, without drain or deairer.

The DZR brass construction offers good corrosion resistance, while the BSPP-G standard ensures compatibility with standard cylindrical thread systems. The polished finish facilitates visual inspection of the surface.

Specifications

EAN	8431977200490
Manufacturer	SOBI
Material	Latón

Thread	1"
