Description

The female brass DZR with three internal thread connections, designed to drift or connect pipes in fluid installations. Its construction in DZR brass offers corrosion resistance, while the polished finish ensures a clean and uniform surface at each port.

Technical characteristics

- Material: Corrosion resistant brass (DZR) on all three connections.
- Surface treatment: Polished, no additional protection.
- Inner nominal diameter: 3/4 inch (20) on all connections.
- Type of threading: BSPP-G cylindrical inner Thread (ISO 228-1).
- Model: T-piece, not reducing and one piece.
- Accessories: No drain, deairer, safety cap or caps.

This piece allows to connect three lines of equal diameter symmetrically. The normalisation of the thread facilitates assembly with compatible fittings, ensuring a stable and functional connection in pipe systems.

Specifications

Colour	Pulido
EAN	8431977201039
Manufacturer	SOBI

Material	Latón
# Elements	3
Thread	3/4"
