Description

300 ml multiposition polyurethane foam, designed for filling and sealing cavities in structures such as tubes, windows and frames. Includes applicator cannula and gloves for a practical and clean application.

Technical characteristics

- Volume: 300 ml
- Application in any position (360o)
- Includes applicator cannula
- Includes protective gloves
- Adhesion on concrete, brick and PVC

It facilitates work in hard-to-reach areas thanks to its versatility of application. Its formulation ensures good adherence to the most common construction materials, optimizing the sealing process.

Specifications

EAN	8413532950910
Manufacturer	Collak
Material	Polyurethane
Capacity (ml)	300 ml
