Description

750 ml multiposition polyurethane foam designed for the filling and sealing of cavities. It includes a 360 degree application cannula that allows working in hard-to-reach areas with precision.

Technical characteristics

- Capacity: 750 ml
- Application in any position (360º)
- Includes applicator cannula
- Adhesion on concrete, brick and PVC
- Includes protective gloves

This product facilitates application in complex spaces thanks to its versatility. Adherence to common construction materials ensures effective sealing on various surfaces, optimizing the working process.

Specifications

EAN	8413532951610
Manufacturer	Collak
Material	Polyurethane
Measures	360º

Capacity (ml)	750 ml
