Description

500 ml cleaning solvent formulated to effectively eliminate non-hardened polyurethane foam and maintain the cleaning of the applicator guns. Its composition is designed to ensure accurate technical maintenance of the application equipment without compromising environmental safety.

Technical characteristics

- Capacity: 500 ml
- Ozone-friendly propellant
- Free of CFCs and HCFCs
- Removes non-hardened polyurethane foam
- Cleans applicator guns

The absence of fluorocarbonated and chlorofluorocarbonated compounds ensures a reduced environmental impact. Its direct action on polyurethane waste facilitates the maintenance of application tools, avoiding obstructions and prolonging their operational functionality.

Specifications

EAN	8413532900076
Manufacturer	Collak
Capacity (ml)	500 ml
