2-Outlet Threaded Elbow 1.1/4" Chrome ABS

Brand: Jimten

Reference: JIMT 022250

Two-mouth threaded elbow with nominal diameter of 1-1/4 inches, made of chromed ABS. Designed to connect smooth tubes to pipe systems, allowing directional changes with watertight connections. Its chrome finish offers corrosion resistance and facilitates assembly in standard technical installations.

Description

The A-137 two-mouth threading elbow is an accessory designed to connect smooth tubes, facilitating the change of direction in fluid installations. Made of ABS with chrome finish, it offers a smooth and uniform surface that adapts to standard pipe systems.

Technical characteristics

- Material: ABS chromed
- Model: A-137
- Type: Two-thread elbow
- Nominal diameter: 1-1/4 inches
- Compatibility: Flat tubes

This component allows safe and watertight connections in corners, optimizing the pipe path. Its specific design for smooth tubes guarantees a precise adaptation to the indicated diameter, maintaining the integrity of the internal flow.

Specifications

EAN	8426621019863
Manufacturer	Jimten
Material	ABS

Measures	1-1/4 pulgadas
