J-61 mixed joint M 25-3/4 thread

Brand: Jimten

Reference: JIMT 355012

J-61 mixed link from Jimten's 55 range, designed to connect high and low density polyethylene pipes. It incorporates 25-3/4" male thread and offers a compact installation. Its reliability is validated by European certification organisations, ensuring compatibility and technical performance in compression systems.

[View product online](#)**Description**

The J-61 M 25-3/4" threaded joint is a compression accessory designed for connection of polyethylene (PE) pipes, both high and low density. It belongs to the Jimten 55 Range, recognized for offering one of the widest ranges of union solutions in the sector.

Technical characteristics

- Nominal diameter: 25-3/4"
- Connection type: Male Thread
- Compatible material: PE pipes (high and low density)
- Mark: Jimten (Gama 55)

This fitting stands out for its compact design and ease of installation. Its reliability has been validated by several European Certification Organisations, ensuring a safe performance in polyethylene pipe installations.

Specifications

EAN	8426621013106
Manufacturer	Jimten
Measures	25-3/4"
Diameter (cm)	25-3/4"
