Equal socket tee J-73 diameter 50 mm

Brand: Jimten

Reference: JIMT 355086

J-73 compression tee with nominal diameter of 50 mm, designed for connection of high and low density polyethylene pipes. It belongs to the Jimten 55 Range, offering a simple and reliable installation for fluid distribution systems in technical installations.

[View product online](#)**Description**

J-73 equal mouths with diameter of 50 mm, designed for connection of high and low density polyethylene pipes. It belongs to Jimten's 55th Range, outstanding for its compact design and ease of installation.

Technical characteristics

- Model: J-73 with the same mouths.
- Nominal diameter: 50 mm
- Compatible material: PE pipes (high and low density)
- Type of binding: Compression
- Range: Jimten's Range 55

This component facilitates assembly in works thanks to its compact design. The reliability of the product has been validated by different European Certification Organisations, ensuring stable performance in fluid distribution applications using polyethylene pipes.

Specifications

EAN	8426621014035
Manufacturer	Jimten
Material	Polietileno
