Description

Jimtem's 40-32-40 Central Reduction Mouth Tee from the Range'55 is a compression accessory designed to connect high- and low-density polyethylene (PE) pipes. This component allows for safe and efficient diameter reductions within the installation.

Technical characteristics

- Connection diameters: 40-32-40 mm.
- Compatible material: PE pipes (high and low density).
- Mark: Jimtem, line Gama'55.
- Validated by European Certification Organisations.

Its compact design facilitates installation in reduced spaces, ensuring reliability and expected performance in polyethylene pipe systems.

Specifications

Diameter	40-32-40 mm
EAN	8426621551172
Manufacturer	Jimten
Material	Polietileno
