Description

Screw-down polypropylene with M 1.1/4" H 1" measures, designed to connect high and low density polyethylene (PE) pipes. This compression accessory offers a reliable solution for adaptations in channeling systems, ensuring the integrity of the connection through its compact structure.

Technical characteristics

- Material: Polypropylene
- Connection type: Threaded male 1.1/4" and female 1"
- Compatibility: High and low density PE pipes
- Classification: Compression accessory

The ease of installation and compact design facilitate integration into plumbing projects. Its reliability has been validated by various European Certification Organisations, ensuring a performance consisting of standard market applications.

Specifications

EAN	8426621515655
Manufacturer	Jimten
Material	Polypropylene
