Description

S-39 vertical siphon for pedestal washbasin, designed with extendable neck and tail to facilitate connection and registration. Its vertical structure allows an orderly and functional installation in pedestal basins, optimizing the space available under the furniture.

Technical characteristics

- Model: S-39
- Type: Vertical siphon for pedestal sink
- Diameter: 1.1/4 inches
- Length: 32 cm
- Includes connection rack
- Extensible neck
- Recordable

This siphon offers a practical solution for pedestal washbasins, allowing easy access for cleaning and maintenance thanks to its recordable design. The neck extension adapts to different installation heights, ensuring a secure and stable connection to the sink drain.
