Description

The extendable toilet sleeve S500 is a flexible solution specifically designed to facilitate drainage connections in spaces with restricted access or complex geometries. Its adaptable structure allows you to adjust the length according to the needs of the installation, ensuring a precise fit without the need for additional cuts or adapters.

Technical characteristics

- Maximum length: 535 mm
- Minimum length: 225 mm
- Diameter: 110 mm
- Model: S500

This piece offers remarkable versatility by allowing its length to vary between 225 and 535 mm, which simplifies the connection of the toilet to the drain pipe in situations where the standard distances are not enough. The diameter of 110 mm ensures compatibility with the usual sanitation systems, optimizing flow and reducing the risk of obstructions due to poor fit.

Specifications

Diameter	110 mm
EAN	8426621050699
Manufacturer	Jimten
