Description

Siphon S-65 extending horizontal outlet bottle, designed for washbasins and sinks. Made of white polypropylene, it offers a functional solution with lower registration to facilitate the maintenance and cleaning of the drain.

Technical characteristics

- Main material: White polypropylene.
- Available diameters: 32, 40 or 50 mm.
- Horizontal output with fast connection conical joint.
- Extensible neck with integrated joint.
- Lower register for access to the interior.
- Thermoplastic rubber seal and stopper.
- Flexible PVC tapered joints.

The extendable structure allows the height to be adapted according to the installation, while flexible PVC and thermoplastic rubber gaskets ensure effective sealing. The design with lower registration simplifies the revision of possible obstructions without the need to dismantle the entire system.

Specifications

Colour	White
Diameter	32 mm
EAN	8426621021163
Manufacturer	Jimten
Material	Polypropylene
