Description

Siphon S-65 extending horizontal outlet bottle, designed for washbasins and sinks. Made of white polypropylene, it offers a functional solution with lower registration to facilitate maintenance and cleaning of the drainage system.

Technical characteristics

- Available diameters: 32, 40 or 50 mm.
- Fast connection by conical joint on horizontal output.
- Extendable neck with integrated joint to adapt to different heights.
- Main components in white polypropylene.
- Neck joint and thermoplastic rubber base stopper.
- Flexible PVC tapered joints.
- Blue EAV copolymer output conical joint.

The combination of plastic materials and elastomers ensures an adequate sealing in the connection. The extendable neck design allows to adjust the height of the siphon according to the furniture installation needs.

Specifications

Colour	White
EAN	8426621023761
Manufacturer	Jimten
Material	Polypropylene
