Description

The short bottle siphon S-69 is specifically designed for bidet installation, offering a compact and functional solution for draining. Its bottle-like structure allows efficient water management, while its short design facilitates its use in spaces with limitations of height or depth.

Technical characteristics

- Model S-69.
- Type: Siphon bottle short.
- Specific use: Bidet.
- Output: Horizontal.
- Neck: Extensible with racor.
- Measurements: 1.1/4" x 32mm.

The horizontal output and extensible collar with tailings provide flexibility in connection with the pipe, adapting to different installation configurations. This design ensures a secure and stable connection, optimizing the performance of the bidet drain system.

Specifications

EAN	8426621040164
Manufacturer	Jimten
Depth	32 mm
