Description

The J-78 20mm diameter final plug is a compression accessory designed for high and low density polyethylene (PE) pipes. It belongs to the Jimten 55 Range, renowned for offering one of the widest ranges of accessories of this type on the market.

Technical characteristics

- Diameter: 20mm
- Compatibility: PE pipes (high and low density)
- Mark: Jimten (Gama 55)
- Characteristics: Compact design and ease of installation
- Certification: Tested by various European Certification Organisations

This component stands out for its reliability and compact design, which facilitates handling during installation. Being validated by European certification bodies, it ensures safe performance in polyethylene pipe systems.

Specifications

Diameter	20 mm
EAN	8426621014059
Manufacturer	Jimten
Material	Polietileno
