Description

25 mm detachable PVC sphere valve, specifically designed for gluing mounting. This component allows effective flow control in various facilities, offering a versatile solution for applications in the agri-food and industrial fields.

Technical characteristics

- Material: PVC
- Type: Ball valve
- Diameter: 25 mm
- Assembly: Detachable, glue system

The removable structure facilitates maintenance and cleaning of the inside of the valve, ensuring precise control of the fluid passage. Its design is aimed at integrating into systems where gluing is the installation standard.

Specifications

Diameter	25 mm
EAN	8426621522028
Manufacturer	Jimten
Range	Industrial
Material	PVC

Measures	25 mm
