Description

BARBI's EasyPress 25 elbow is a connecting part designed for plumbing and heating installations. Its main function is to allow the change of direction in the flow of pipes, facilitating the management of the flow within the hydraulic or heating system.

Technical characteristics

- Diameter: 25 mm
- Mark: BARBI
- Model: EasyPress
- Implementation: Plumbing and heating

This component adapts to 25 mm pipes, offering a versatile solution for construction professionals. Its design seeks to optimize performance and durability in daily use, ensuring a reliable connection in installation projects.

Specifications

EAN	8432848046292
Manufacturer	Blansol
Measures	25 mm
Weight (kg)	0.1 kg
