Description

The M Multipex 16-1/2" thread elbow of the BARBI brand is a connecting part designed for pipe systems. Its main function is to allow the change of direction in the installations while maintaining the integrity of the flow. This piece is made to provide a secure and efficient connection in plumbing and construction work.

Technical characteristics

- Mark: BARBI
- Connection type: Male Thread (M)
- Compatible diameter: 16-1/2"
- Material: Multipex

This piece is oriented to professionals who require plumbing components with a quality commitment. Robust construction seeks to ensure a long service life on the premises. Its design facilitates integration into systems that require directional changes with male threads.

Specifications

EAN	8432848052118
Manufacturer	Blansol
Measures	16 mm x 1/2"
Weight (kg)	0.1 kg
