Description

The BARBI Multipex 16 joint sleeve is a component designed for the safe connection of 16 mm pipes in plumbing systems. Its main function is to guarantee the integrity of the connection between the ducts, facilitating the assembly in hydraulic installations.

Technical characteristics

- Compatible pipe diameter: 16 mm
- Mark: BARBI
- Type: Binding sleeve

This accessory is designed to offer a stable and reliable connection in installation projects. As it is specified for the diameter of 16 mm, it adapts to the standard dimensions of this type of pipes, ensuring proper alignment and sealing at the junction point.

Specifications

EAN	8432848052569
Manufacturer	Blansol
Material	Polypropylene
