Multipex PPSU 32x3 Union Sleeve

Brand: Blansol

Reference: BLAN MULPPLKMU32

BARBI Multipex PPSU 32x3 joining sleeve for pipe systems. Made of PPSU polymer of high thermal and chemical resistance, it ensures durability in water and heating installations. Its diameter of 32x3 mm allows a secure and efficient connection, facilitating the professional installation with guaranteed technical reliability.

Description

BARBI's Multipex PPSU 32x3 joint sleeve is a component designed for connecting pipes in water and heating systems. This accessory facilitates the safe and efficient connection between pipe sections, ensuring the integrity of the installation.

Technical characteristics

- Material: PPSU (high thermal and chemical resistance polymer).
- Diameter: 32x3 mm.
- Mark: BARBI.
- Implementation: Water and heating facilities.

The composition in PPSU contributes to the durability of the component against thermal and chemical factors. Its design allows a simple installation, optimizing working time in plumbing and air conditioning projects.

Specifications

EAN	8432848064890
Manufacturer	Blansol
Measures	32x3 mm
