Description

BARBI's Multipex fastening plate is a component designed for pipe systems, aimed at providing stable clamping in plumbing facilities. Its main function is to ensure the position of the ducts, facilitating the organization of the assembly and reducing unwanted movement during daily use.

Technical characteristics

- Mark: BARBI
- Model: Multipex
- Type: Fixing plate
- Implementation: Pipeline systems
- Material: High-strength materials

These features allow adaptation to different pipe configurations, contributing to a more orderly and functional installation. The robustness of the material helps to maintain the integrity of the fixation over time, offering a practical solution for professionals in the sector.

Specifications

EAN	8432848000690
Manufacturer	Blansol
