Description

BARBI's H Multipex 20-1/2" fixed rack is a component designed to provide a safe and efficient connection in pipe systems. This accessory is designed to facilitate the connection between different elements of the hydraulic installation, guaranteeing stability at the point of connection.

Technical characteristics

- Mark: BARBI
- Type: Fixed rack H Multipex
- Compatible pipe diameter: 20 mm
- Thread: 1/2"

This component stands out for its robust design, which seeks to minimize leakage and ensure reliable installation performance. Its structure is oriented to facilitate assembly, allowing a practical and functional connection within the piping network.

Specifications

Diameter	20 mm
EAN	8432848038051
Manufacturer	Blansol
Thread	1/2"
