Multipex PPSU Tee 20-16-20/20x2

Brand: Blansol

Reference: BLAN MULPPLKT2X16X

Te Multipex PPSU 20-16-20/20x2 by BARBI for 20 mm and 16 mm pipe connection. Made of polyphenylsulfone, it offers high thermal and chemical resistance. Designed for heating, cooling and water systems, it ensures efficient and durable fluid distribution in professional facilities.

Description

BARBI's Multipex PPSU 20-16-20/20x2 is a connecting part designed for pipe systems, allowing 20 mm and 16 mm duct junction. Made of polyphenylsulfone (PPSU), a material recognized for its high thermal and chemical resistance, this piece offers exceptional durability in fluid applications.

Technical characteristics

- Material: Polyphenylsulfone (PPSU).
- Connection diameters: 20 mm and 16 mm.
- Mark: BARBI.
- Resistance: High thermal and chemical resistance.

These properties guarantee a safe and efficient connection, facilitating the distribution of fluids in heating, cooling and water supply systems. The piece is oriented to construction professionals looking for components of high performance and reliability in their facilities.

Specifications

Diameter	20 mm y 16 mm
EAN	8432848065026
Manufacturer	Blansol
