Multipex PPSU Pipe 25-16-25

Brand: Blansol

Reference: BLAN MULPPLKT25165

Te Multipex PPSU 25-16-25 from BARBI for pipe systems. Made of polyphenylsulfone (PPSU), it offers corrosion resistance and durability. It allows secure connection between 25mm and 16mm pipes. Suitable for cold, hot water, heating and cooling. Easy installation without special tools.

Description

BARBI Multipex PPSU 25-16-25 is a connection component designed for pipe systems, made of polyphenylsulfone (PPSU), a high-performance resin that provides corrosion resistance and durability to the whole.

Technical characteristics

- Material: Polyphenylsulfone (PPSU)
- Connection: 25 mm and 16 mm pipes
- Mark: BARBI

This element allows a safe and efficient connection between different diameters, facilitating flow management in cold water, hot water, heating and cooling facilities. Its design optimizes the stability of the connection without requiring special tools for its assembly.

Specifications

Diameter	25 mm y 16 mm
EAN	8432848065040
Manufacturer	Blansol

may contain errors or omissions and does not replace the manufacturer datasheet.
