Description

The reduced BARBI Multipex 25-20-20 is a component designed for the installation of pipe systems, allowing efficient connection between ducts of different diameters.

Technical characteristics

- Mark: BARBI
- Model: You're reduced Multipex
- Diameter reduction: from 25mm to 20mm
- Compatibility: Multipex Pipes

This accessory facilitates the adaptation of the flow in installations where it is required to vary the calibre of the pipe. Its design ensures a precise fit with Multipex systems, optimizing the continuity of the hydraulic network.

Specifications

Diameter	25 mm
EAN	8432848055010
Manufacturer	Blansol

may contain errors or omissions and does not replace the manufacturer datasheet.
