Description

Digest parrot-type multi-opening shears, model DIN 8976, with a total length of 250 mm. Designed to fit different sizes of objects, they offer adjustable opening from 6 to 53 mm, ideal for plumbing, industrial maintenance or assembly jobs where precision and versatility are required.

Technical characteristics

- Total length: 250 mm
- Closed width: 55 mm
- Adjustable opening: 6 to 53 mm
- Adjustment button for quick and precise regulation
- Adjustable head to suit different measurements
- Locking system for greater security and fastening
- Plastic coated handles for comfortable grip
- Also known as: parrot's peak tongs, water pump tongs, extendable pliers, multiple opening pliers, adjustable tongs, plumber's tongs, plumber's pliers, DIN 8976 tongs

This type of tongs is useful in tasks that require holding pieces of different sizes with stability and precision, especially in environments where space is limited or objects need to be manipulated at difficult angles.
