Description

LED flashlight in pen format, compact and powerful, designed to always carry over in the pocket, glove box or tool kit. Its aluminium body with hard anodized finish offers strength and lightness, with a weight of 55 grams and dimensions of 1.5 x 14.5 cm. Equipped with an XPG R3 LED, it achieves a maximum power of 300 lumens and has adjustable focus to switch between closed and wide beam as needed.

Technical characteristics

- LED: 1 x XPG R3
- Maximum light output: 300 lumens
- Focus: adjustable (zoom)
- Modes of light: high, low, strobe
- Power supply: 1 rechargeable 750 mAh battery (included) or 2 AAA batteries (not included)
- Load system: USB-C, by turning the head
- Cable included: USB type C
- Charging time: 1 hour
- Autonomy: up to 2 hours
- Material: aluminium with hard anodized finish
- Colour: black
- Weight: 55 g
- Dimensions: 1.5 x 14.5 cm

It offers an intense and versatile light for daily tasks, work, camping or emergencies. Its compact design allows easy transport, while strobe mode can be used for warning signals. It works with rechargeable battery or AAA batteries, ensuring continuous use without the need for constant charging.
