Description

Finish float for work in mortar and cement, designed to achieve smooth and uniform surfaces. Its base with notches facilitates the distribution of the material and improves control during the straightening process. Made of high quality materials, it offers excellent strength and durability in industrial and construction applications.

Technical characteristics

- Dimensions: 270 x 180 mm
- Edge thickness: 8 mm
- Inner thickness: 3 mm
- Mango: polystyrene
- Base: flat with notches
- Perfect design in base and handle
- Weight: extremely light

Thanks to its lightweight and balanced design, it allows comfortable handling over long working periods. Its flat structure with notches ensures a uniform distribution of mortar or cement, ideal for precise finishes.

Specifications

EAN	8413345000178
Manufacturer	BAHCO
Material	Poliestireno
Measures	270 x 180 mm
