Description

2-unit Blister with hinge and 35 mm elbow bowl, designed for mounting on flat surfaces. Ideal for fixing angled elements by means of an articulated elbow and hinge system.

Technical characteristics

- Distance between holes: 48 mm.
- Opening: 110°.

It allows angular adjustment in installations where fixation at fixed angle is required. Its blister design facilitates the individual storage and transport of each unit.

Specifications

High	35 mm
Width	48 mm
