Description

Phillips PH2 100 mm screwdriver made of high quality chrome-vanadium steel (CrV), designed to deliver strength and precision in maintenance and assembly work. Its sanded and magnetized tip ensures a firm grip on the screw, avoiding slips during use. The satin finish of the tip provides corrosion resistance, prolonging the life of the product.

Technical characteristics

- Model: 60966
- Mark: VOREL
- Type: Phillips PH2 screwdriver
- Length: 100 mm
- Material: Chrome-vanadium steel (CrV)
- Point finish: Satin
- Point: Sanding and magnetisation
- Mango: Ergonomic double compound
- Additional feature: Hole on the handle to hang and store

The double composite handle design offers a safe and comfortable grip, reducing fatigue during prolonged use. The hole in the handle makes it easy to store in small spaces or in herramienteros.
