

Product sheet

Electronic Hygrostat ClimaSys CE 20...80% OLED Display

Brand: SCHNEIDER

Reference: IMPO NSYCCOHY230VID

Electronic hygrostat from the ClimaSys CE range, with adjustable relative humidity range of 20 to 80%, input voltage 200–240 V AC, OLED display for accurate relative humidity visualization.

Description

Electronic hygrostat ClimaSys CE designed for controlling relative humidity in industrial or commercial environments, adjustable between 20% and 80%. Ideal for applications requiring precise humidity control via switching signal.

Technical Features

- Humidity adjustment range: 20...80 %
- Display type: OLED display
- Displayed information: Relative humidity
- Input voltage: 200...240 V AC
- Maximum switching capacity: 4 A 230 V AC
- Number of terminals: 6
- Termination capacity: 2.5 mm²
- Mounting type: Screw-mounted, snap-in
- Mounting location: On mounting plate, DIN rail 35 mm, vertical rail, space-saving
- Height: 85 mm
- Width: 56 mm
- Depth: 44 mm
- Operating ambient temperature: -40...80 °C
- Hinge kit: 3 %
- Number of outputs: 2, heating function
- Material: PC

- Color: Light gray
- Flame resistance: Self-extinguishing according to UL94 (material V0)
- Product certifications: UR
- Sustainable offering status: Green Premium product
- Compliant with REACH without SVHC: Yes
- EU RoHS Directive: Compliant
- Mercury-free: Yes
- China RoHS Regulation: Product outside the scope of China RoHS
- WEEE: In the European Union market, the product must be disposed of according to a specific waste collection system

Specifications

Colour	Gris claro
EAN	3606480152634
Manufacturer	SCHNEIDER
Range	Industrial
Measures	85 mm x 56 mm x 44 mm
Nominal voltage (V)	230
Current type	AC
